**Subject:** RE: Offering of COVID-19 Testing - C DORM

Thank you sir. As a reminder, ICE is urging for GEO to test C dorm as soon as possible so GEO can cohort accordingly to ensure the health and safety of our detainees. IHSC FMC Obasi can be the ICE POC if you have any medical or testing plan questions. We would appreciate a testing timeline for C dorm.

We appreciate your efforts,

Moises Becerra | (A) Deputy Field Office Director | ERO San Francisco  
U.S. Department of Homeland Security | Immigration and Customs Enforcement | Enforcement and Removal Operations

Thank you Mr. Becerra for the information and your recommendations. I am in the process of developing/gaining approval for another ops plan based on our current situation and hope to have something to AFOD Mull soon.

Subject: [EXTERNAL] FW: Offering of COVID-19 Testing - C DORM

Mr. Allen,

First of all, I want to introduce myself. I will be covering for Erik Bonnar while he is away on assignment. I have been copied on several emails regarding plans for dealing with exposures and positive findings of communicable diseases such as COVID-19. As you know, your GEO facility is dealing with several challenges. With that in mind, I have some questions and recommendations.

- What plan does GEO have in place to deal with communicable diseases such as measles, chicken pox, mumps, COVID-19 etc. at MVIPC?
- When do you intend to implement testing dorm C?

Recommendations:

- I suggest having one dorm for positive COVID-19 cases.
- To clarify, the cohort dorm does not need to abide by the 50 person suggested protocol.
- Engage IHSC Cmdr. Obasi and GEO medical to create a testing plan so we can accomplish this objective

Ultimately, I am certain GEO has a communicable disease plan in place that focuses on our joint concern of ensuring the health and safety of our detainees. I hope this provides a little more clarity so GEO can implement a plan to deal with this emergent issue.

Respectfully,

Moises Becerra | (A) Deputy Field Office Director | ERO San Francisco  
U.S. Department of Homeland Security | Immigration and Customs Enforcement | Enforcement and Removal Operations

Hi Janese, I've been informed by my Region that the mass testing of C dorm needs to be postponed until a plan can be approved by ICE and subsequently approved by GEO leadership. In addition, B-dorm was tested without an approved plan in place.

We have two dorms under COVID-19 cohort (B-33; C-31) and two dorms currently unaffected (A-29; D-31). We have previously been directed to house no more than 50 detainees per dorm to allow social distancing for bunks (alternating top to bottom), spacing between bathroom fixtures (sinks, toilets, showers), and spacing in the dining halls.

As you know, we do not have space to isolate positive cases and we do not have a dorm configuration to house multiple positive cases. As such, the plan will need to include ICE contingencies to assist in alternative housing. Thank you for your consideration and if you have any additional guidance I look forward to it.

Thanks.

Good Morning All,

I was just instructed to have MV offer COVID-19 testing to all in C-Dorm.

Thanking you in advance,

*Janese Mull*
